

We would like to celebrate with you our 5th Anniversary on 23rd March 2014 as we mark the fifth year since our orphanage started. As we celebrate we would like to send our sincere thanks you all of your great support that you have provide in these five years. Without your support we couldn't have make the far we are now. For these five years we have managed to do more and we are praying God that we are going to do more again. Among the main things we have done these five years are; Education by taking our 59 children to the English medium school, buy the 17 acres to build a new modern orphanage centre at new land, provide medical services to our children, bought a school bus, Cows project, great success in farming and many other things. By all these we appreciate your presence. Please pray for us as we move forward to do more.

***Thanks and may God bless you forever
